Age & Number of Fruit Trees

Total number of orchard trees

1-10 11-30 31-100 101-249 250+

Proportion (approx %) of these that are OLDER (>50yrs old or have veteran tree features)

Age Range of Fruit Trees (tick all that apply)

- New (less than 8yrs) Young (9-20yrs) Mid (21-50yrs) Old (50yrs +)

Known ages of plantings. (or attach a file or photo of list if available)

Size of Fruit Trees

Height. Proportion less than 3.5m high (%)

Proportion higher than 3.5m high (%)

Remarkable or unusual trees. Are there any in this orchard?

- yes no

If yes, then note their girth (circumference at breast height in cm) along with comments below. Take a photo

Details of remarkable trees

Orchard Floor

What is main vegetation on orchard floor? (tick any that significant presence)

- Grass Lawn Brambles Nettles Thistles
 Other tall weeds Unimproved pasture Improved pasture Scrub Cultivated
 Other

How is the orchard floor managed? (please tick any that apply)

- Grazing Rotary mower Finger mower Strimmer Herbicide
 Unmanaged

Grazing animals (please tick any that apply)

- Sheep Cattle Horses Pigs Fowl
 Other

Is there any evidence of herbivore damage to fruit trees, such as stripped bark or damaged roots

- yes no

Details of mowing or grazing or damage (if available)

Undercrops grown

- Gooseberries Currants Raspberries Other soft fruit Vegetables
 Other

Neighbouring habitats; what are there ?

- Hedgerows Ponds Mature trees Unmanaged areas Woodland

Any other comments, anecdotes & notes

Data Protection

We take data protection seriously. Survey information will be shared solely with project partners. Anonymised data may be passed to third parties or placed in the public domain, along with existing publicly available data relating to the orchard site. Survey information will be stored and processed on computer. Registered at the Information Commissioners Office as a *Data Controller*.

Location map boundary. Does the map show the boundary of the orchard accurately? If no, please send amendments to your Local Facilitator for alteration on the shared G_maps for your area.

yes no

Photos. Have you taken any of the site? (please remember to include the 8 digit ID at the start of ALL filenames!)

yes no

How long has it taken for this site visit (to nearest 10mins)

Thank you and please thank the orchard keeper

Photo and Files Upload for this Orchard

It is *** essential *** that **all** files have the 8 digit Orchard ID at the start of all file names. Without this we cannot connect them to any site !
Please check you've done this.

Upload photos and other files using the button multiple times
